

This dynamic and savvy brand is designed to make guests feel at home regardless of their stay no matter how long, while enabling them to have a positive impact on the world.

MODERN & THOUGHTFUL AMENITIES

Every aspect of a Home2 Suites hotel is infused with a sense of collected style geared to guest flexibility and comfort. Think complimentary Wi-Fi and free breakfast every day.

SPACIOUS SUITES

Both the studio and one-bedroom suites contain practical elements that guests can customize to meet their needs and be comfortable. Each suite has:

- **FULL KITCHEN.** With a microwave, coffee maker and full-size refrigerator, guests can stay in for dinner or store takeout leftovers for lunch the next day.
- **WORKSPACES BY HILTON™.** Use a suite for the day and take advantage of the oversized mobile desk, cubby storage space and a signature ergonomically designed task chair that make this area just right for work or that family video call check-in.

PLUS

STAY YOUR WAY EXPERIENCES

With amenities and services that focus on guests' needs, the public spaces are multi-functional and inviting.

- **OUTDOOR SPACES.** Spacious patios feature grills and comfortable outdoor lounge areas with fire pits to give guests space to unwind or connect with others after a long day.
- **THE OASIS.** An open community space where guests can socialize or arrange the moveable furniture to create individual chill or work zones.
- **INSPIRED TABLE.** Pull up a chair for free breakfast during the morning, or use the table for work or play throughout the day.
- **HOME2 MKT** This retail space gives guests a convenient place to pick up a forgotten item or a quick snack.
- **SPIN2 CYCLE** Multi-tasking is easy in the Spin2 Cycle area, our laundry + gym combo. It's sweat and suds in one smart spot.
- **SALINE POOL.** Good for both guests and the environment, our pools are chlorine-free and maintained with natural minerals.
- **BUSINESS CENTER.** Guests can access computers or print a last-minute document.

COMFORTABLE SUSTAINABILITY

We have a commitment to products and amenities that are planet-friendly, yet guest-approved.

- Saline-based pool uses natural minerals instead of chemicals.
- Carpeting is made up of at least 65% recyclable materials.
- Indigenous landscaping (minimizes water usage).
- Real china dishware in rooms and breakfast area.
- Only Energy Star-rated appliances in suite kitchens.
- Low-flow showers and faucets and dual-flush toilets that use 20% less water than traditional ones without compromising water pressure.
- Tamper-proof and bulk bath amenities in all suites reduces landfill waste.

WAGS WELCOME

We go out of our way to welcome man's best friend (and other four-legged companions) to enjoy a comfortable stay with their owners.

CLEANSTAY BY HILTON

This industry-leading program uses hospital-grade cleaning products and enhanced protocols to offer a higher level of safety for our guests and team members.
